

ELECTRICAL TECHNICAL PARAMETERS

Operating voltage: 400 [V]	Frequency: 50 [Hz]	Rated current: 63 [A]
YEAR. system: TN-S+EPH	YEAR. Dept.: 1 Touch protection mode	Closing current: 20 [kA]
Fire prevention option: YES		

Distribution equipment data:

Nominal voltage: Un = 3×400V/230V	Size (LxWxD): 1830×600×250 mm	IP protection: IP30
Nominal insulation voltage: 500 [V]	Voltage of auxiliary circuits: 12 [V]	

Applicable standards:

- Regarding structural design (IEC 61439-1 11.2-11.8.)
- Regarding operational characteristics (IEC 61439-1 11.9-11.10.)
- The switchgear is checked.

Operating parameters:

Operating temperature:	-20°C–+85°C
Operating humidity range:	20–80% relative humidity
Connection:	POWER TWIST industrial plug (63A 400V 3P+N+F, IP67)
